Mr. Andrew S Fishel  
Managing Director  
FCC  
1919 M Street NW  
Washington DC, 20554

Dear Mr. Fishel:

Enclosed please find correspondence that I have received from Stan Ryback.

The letter submitted by Stan Ryback contains all of the necessary details to enable you to respond to his request accurately.

I would appreciate your review and reply to this inquiry so that I may advise my constituent accordingly.

Thank you in advance for all assistance you may render Mr. Ryback. Please forward your response to the attention of my assistant, Roger Schwartz, at 16 Somerdale Square, Somerdale, NJ 08083, (609/627-9000, fax 609/627-9406).

Sincerely,

ROBERT E. ANDREWS  
Member of Congress

Dear Mr. Ryback:

Thank you for your recent letter concerning the restructuring of radio frequencies. The FCC is a Federal regulatory body and we are forwarding your letter to Congressman Robert Andrews for his review and response.

Thank you for your letter, and hopefully, the Congressman will be able to help in this area.

Continued good luck in the BURGER business!

Sincerely,

C. William Haines  
Senator

RE: F.C.C. (NPRM - PR Docket 92-235)

Dear Sir,

I have taken pen in hand on this rare occasion because I am very upset about some recent proposed rules being considered by the F.C.C. They are preparing to undermine a favorite pastime and the public safety of thousands of New Jersey citizens. The restructuring of radio frequencies (NPRM-PR Docket 92-235) will make it impossible to operate remote control aircraft safely.

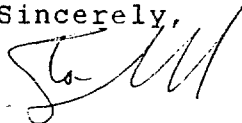

Our transmitters only generate .75 of 1 watt of power. This small but adequate transmission controls 3 of my planes that range between 7 & 15 pounds and travel at top speeds between 50 and 110 miles per hour. If new, 2 and 3 watt frequencies are permitted only .0025 away from "ours", the negative interference will cause planes to go berserk and drop

Being in the restaurant business all of my life has limited my knowledge base to people, burgers and beer. While I am not a technical genius, I do know that these proposed frequencies can easily be inserted farther away from channels which are already occupied by voting, taxpaying citizens.

Senator, please consider the risk to public safety, the investment of responsible hobbyists and the overall business impact of the loss of this pastime. The huge companies lobbying for these changes can insert their frequencies somewhere farther away from 72 and 75 MHz and these companies probably don't pay a dime in taxes to our State.

Thank you for your time and consideration.

Sincerely,

A handwritten signature in dark ink, appearing to read 'Stan Ryback', written over a horizontal line.

Stan Ryback

P.S. If you've never been in a T.G.I. Friday's, please use the enclosed dinner cards to give us a try. These can be used anywhere at any T.G.I. Friday's in the country at your discretion.

CHAIRMAN, JUDICIARY COMMITTEE  
WOMEN'S ISSUES, CHILDREN AND  
FAMILY SERVICES COMMITTEE

February 18, 1993

Mr. Stan Wyback  
5 Fillmore Way  
Sicklerville, New Jersey 08081

Dear Mr. Wyback:

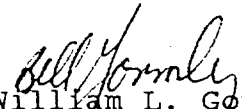

Thank you for your letter expressing your concerns regarding F.C.C. proposed rules that would restructure radio frequencies.

I am empathetic to the effect these rule changes might have upon your hobby of flying remote control planes, as you explain in your letter. Unfortunately, as a New Jersey State Senator, I have no jurisdiction over federal legislation or agencies such as the F.C.C.

I am forwarding your correspondence to Congressman Robert Andrews, who is the federal representative in your legislative district. I am certain he will address your concerns in an appropriate manner.

I am also returning the complimentary meal tickets you included. While I sincerely appreciate your thoughtfulness, I must decline your generous offer. Best regards.

Sincerely,

  
William L. Gormley  
Senator - District 2

cc: Congressman Robert Andrews
